

Lu Shanlong: Lake evolution and the influences on regional biodiversity in Central Asia

Author: Lu Shanlong

Abstract:

Dr. Lu Shanlong's speech title is Lake evolution and the influences on regional biodiversity in Central Asia. He pointed out the Ecological Carrying Capacity (ECC) has positive influence on the water body. All countries should issue effective law to protect plants and water resources.

Key words: drylands, lake evolution, regional biodiversity, ecological policy, Ecological Carrying Capacity, protect plants
